**Petition for Reconsideration
of Seward Media Partners**

RECEIVED
2014 MAR 11 A 6:02

Seward Media Partners, LLC, licensee of KSEW (AM Facility 72209) requests reconsideration of the Commission's termination of the license of KSEW because of a perceived non-filing of a renewal application. FCC DA 14-100 lists KSEW as failing to file a renewal application.

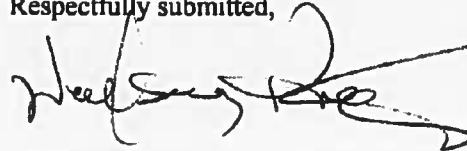

SMP did, in fact, submit a renewal application on September 30, 2013. Attached is a copy of a computer screen image showing the submitted application in ready status after the filing of the renewal form in CDBS.

Subsequent to the submission of BR-20130930BUW we were unable to further confirm the status of the application as CDBS systems were not available. We did not receive any notice of deficiency at our current address which is correctly recorded on the submitted application.

SMP has re-submitted the original application as a copy. The CDBS file code is

20140303AAL. We respectfully request that the commission consider these facts and reinstate and renew KSEW, Seward according to the copy of our original, timely submitted application.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Wolfgang Kurtz', with a long horizontal flourish extending to the right.

Wolfgang Kurtz
Seward Media Partners

AFFIDAVIT OF CHARLES F. DUNHAM

I, Charles F. Dunham, under penalty of perjury, on the basis of information and belief, make the following statement.

During the radio station license renewal period for Alaska, Wolfgang Kurtz telephoned me and told me that he needed to file his license renewal for station KSEW in Seward, Alaska as the time was running out, but that he did not have funds for the filing fee. He was unsure if he could get a fee waiver due to indigence. He asked if he could borrow the money from me if needed. I stated that I would loan it to him. As he filed the renewal form on CDBS, I was standing by on the telephone with my credit card to give him the number. I waited and then he told me that it took the filing without a fee. I suggested that it might be some kind of system error, and told him that he should take a screen shot of the of the page showing that it was filed in case there was a problem later. I don't know whether he did this or not, but I do believe that he timely filed, as there was no reason for him to go through this with me otherwise, and I surely was ready to pay his fee if called upon to do so.

Dated this second day of March, 2014.

Charles F. Dunham
